## MORE CONFESSIONS IN GRAFT EXPOSURE.

Four Former Members of  
Pittsburg Council Come  
to the Front.

### AMOUNT THEY RECEIVED SMALL

Reported That William Brand, Now  
Serving Sentence in Penitentiary,  
Confessed This Morning Following  
Wasson's Confession Last Evening.

United Press Telegram.  
PITTSBURGH, March 23.—It is reported that Ex-Councilman William Brand, who went to the penitentiary Monday, confessed this morning. Frank Gould, D. K. Barton, William Schreiber, Andrew Pfankuch and H. D. Miller, former Councilmen, today confessed in open court. The amounts they received were between \$11.10 and \$500.

Joseph C. Wasson, former common Councilman from the old Twentieth ward, last night made a complete confession of his participation with others in grafting in Council.

His statement, in so far as it deals with the same matters confessed to by John F. Klein, is a complete corroboration of the latter's testimony. In addition, it involves many others whose names have not yet been mentioned; some who were inside of Council and others outside, including several prominent Pittsburghers.

On an order of court Wasson was taken from the penitentiary by the District Attorney. He was transferred to Mr. Blakeley's office in an automobile, accompanied by his brother, Attorney Henry G. Wasson.

The scene was pathetic. The once prosperous business man appeared broken-hearted. However, he never hesitated for an instant, but told how he had conspired with other Councilmen in securing graft and how it had been distributed. He told of the "combination," which handled all graft money and the various ordinances which money had been used to pass. He also furnished the missing links as to where the fund of \$102,000 had gone.

District Attorney Blakeley is in possession of evidence showing how every ordinance of any importance got through Council during the last four years. Only two of these, the work depository and the South Seventh street vacation have been touched upon. Many others are to be aired and it is said by those on the inside that a number of the present members of Council and certain city officials will be involved.

Everything up to date has been carefully investigated and it is predicted that many months will be required to complete the contest begun by the District Attorney.

The county prosecutor and the Civic League have had over 100 detectives at work in the city for months. Every department of the city government has been carefully watched and volumes of evidence have been compiled. It is asserted that few ordinances of any importance ever got through without the promoters putting up cash.

California Cusher Flows at Rate of  
55,000 Barrels Daily.

BAKERSFIELD, Cal., March 23.—(Special.)—The Lakeview well at Maricopa has completed its first week at the greatest gusher ever brought in in a California field.

The flow of the well is estimated between 45,000 and 55,000 barrels daily, and the weekly production between 250,000 and 300,000 barrels, valued at approximately \$220,000. The oil is gushing 150 feet above the top of an 84-foot derrick and the stream can be seen for miles.

## CHASED INTO SALOON BY FEROCIOUS COW

McKeesport Minister Was Too Busy  
to Pick Company in  
Wild Flight.

McKESPORT, March 23.—A cow that objected to being suffocated, caused excitement in Fifth avenue, this city, yesterday afternoon. Two men were leading the cow with a rope tied about its mouth and as the animal struggled, the rope decreased the bovine's supply of air. The rope was wrapped about an iron pole while the owner went for a stronger rope and a policeman tried to hold the animal. It broke away and scattered a crowd of High School girls. Next bawdy sighted a preacher and chased him into a bar-room.

After the animal had traveled half a mile up Evans avenue, it was captured and placed in a wagon. The owner accused the policeman of "losing his cow" and threatened to have him removed.

## Jews To Observe Feast Of Purim; Begins Tomorrow

Purim, the Jewish feast celebrated annually on the fourteenth of the Hebrew month of Adar, in commemoration of the deliverance of the Persian Jews from the plot of Haman to exterminate them, as recorded in the Book of Esther, will commence tomorrow evening, lasting two days.

It is a festival devoid of religious spirit, an anomaly in Jewish religious history, and business transactions and even manual labor are permitted. Special services are held in the synagogues in the evening but the strict observance that is usually maintained is lacking.

Purim has been held in high esteem at all times, and in all countries. The Book of Esther commands all Jews to "make Purim a day of feasting and joy, and of sending of portions to one another."

## MAD DOG BITES TWO AT LAYTON TODAY.

Frank Harrison and John Newcomer Sustain Badly Torn Arms Before Shot Gun of  
Thomas Carson Kills the Canine—Had Traveled Long Distance.  
and Worked Muzzle Off.

Two men were badly crippled by a mad dog which tore into Layton early this morning, frothing at the mouth and with its muzzle torn aside. The victims are Frank Morrison, night operator at the Layton depot, and John Newcomer, a resident of that village. It was just about daylight that the dog leaped into the town. It was badly

blown, having evidently run a long distance. It leaped at a Baltimore & Ohio engineer, who grabbed it by the collar and threw it into the depot. The dog burst through the door into the office and attacked Morrison, tearing his hand badly. Morrison succeeded in getting the dog out of the depot. It ran down the street and attacked John

Newcomer, tearing his coat and severely lacerating the arm.

Thomas Carson heard the cries of the injured men and the bark of the frothing animal. He ran into the house, seized his shotgun and killed the dog as it ran past.

The men who were bitten will go to Pittsburg for treatment.

## Commissioners Hear Appeals On West Side

When the County Commissioners appeared at the Columbia Hotel at noon today to hear appeals from the assessed valuations in the Sixth and Seventh wards, they found sufficient to keep them busy for a time. Greenwood arose en masse to protest against the valuations which have been levied on property up there.

The residents claim the Assessor took the Dunbar township valuations and as a consequence the residences in that section are assessed at figures higher than some of the most desirable residences on the east side of the Yough.

The Greenwood taxpayers say they are assessed at about one-half the value of their property while in other parts of town the ratios is one-third, one-fourth or less. But little complaint is expected from the residents of the old borough of New Haven, where the valuations are considered equitable, as a rule.

## MARTIN WELSH LEAPS OVER THE B. & O. WALL

Consequently, he made a plunge from the retaining wall along Water street, and crashed to the rocky bed of the river last night. The police were notified and after a careful search finally located the almost sobered Braddock man.

Armed with a rope Officers Ruffin and O'Bryon managed to make the noose fast around the prostrate man's body. He was hauled out of the river and sent to the hospital. Aside from a few bruises he was not injured. The hospital authorities say he could have received the proper treatment at the police station, thus avoiding the necessity of calling out the ambulance.

Eddie has been held up twice by negroes on that side of the river within the last couple of weeks. The latest episode happened recently when a negro backed the lad against a fence and invited him to disgorge. Eddie is a wily lad and temporized until a pedestrian came along. Then he bolted and the negro feared to follow.

A week or so ago the lad had a similar experience when he went over to deliver a telegram to a colored resident of the West Side. He escaped safely this time also but fears the third time for him might find his charm gone.

## ANGEL OF DEATH CLAIMS THREE LIVES

Miss Evelyn Kinell, Miss  
Mary E. DuShane and Miss  
Mary Gallagher.

### TWO FORMER HAD BEEN ILL LONG

Miss Gallagher Died from Erysipelas  
Which Followed a Fall She Sustained  
at Home in Lower Tyrone Town-  
ship Some Weeks Ago.

Evelyn Mae Kinell, aged 23, daughter of Frank and Linnie Jayne Kinell of Greenwood, West Side, died last night after a long illness. The end came following a turn for the worse which took place a week ago last Wednesday. Death occurred about 9:30 P. M. Heart failure was the immediate cause.

Miss Kinell was well known, especially on the West Side, where she had always resided. She had been ill for the past two years and twice went to Asheville, N. C., for the benefit of her health. She returned the last time shortly before Christmas and for a time appeared to improve.

Born October 24, 1880, Miss Kinell always lived on the West Side. She attended the New Haven schools and graduated there. She was also a graduate of Duff's Business College in Pittsburg. After concluding the course of study at the business college, Miss Kinell was for a time stenographer for Attorney B. F. Sterling. This work was not congenial and she resumed teaching. She taught several terms in the New Haven and Dunbar township schools, devoting herself during the last few terms to primary work. Her last charge was the primary grade at Wheeler. Failing health made it necessary for her not only to give up teaching, but to seek a milder climate. Hence the journey to Asheville.

Miss Kinell was a member of the First Methodist Episcopal Church. Besides her parents she is survived by three sisters, Mrs. George Hannon of Tower Hill and Linnie B. and Mayme Kinell at home. The Misses Kinell are both members of The Courier staff.

No arrangements for the funeral have yet been made but the interment will be private.

Up to the time of a sinking spell more than a week ago Miss Kinell had been in excellent spirits and regained much of her strength. Even after the turn for the worse had occurred she remained cheerful. Last evening she waited as usual for the paper and read it with interest, although she talked but little. It was about 6:30 that she had a sinking spell. Dr. E. B. Edie was called and it was evident that the end was near. From that time until 9:30, the patient sank slowly, remaining conscious to the last. The end came peacefully.

Mary E. DuShane, a lifelong resident of Connellsville, and daughter of the late Captain Joshua M. and Jane Collins DuShane, died yesterday afternoon following a lingering illness. Deceased was for many years a member of the Baptist Church.

Miss DuShane is survived by her sister, Eliza, at home, and two brothers, Samuel H. DuShane of Indianapolis, and J. D. DuShane of St. Paul. The funeral will be held Friday afternoon at 2 o'clock.

Miss Margaret Gallagher, daughter of the late Mr. and Mrs. John Gallagher of Lower Tyrone township, died last night at the home of her brother, William Gallagher, near Dawson. Erysipelas and blood poisoning were the causes of death. Miss Gallagher was aged 50 years. She is survived by three brothers, William and John of Lower Tyrone township, and Dr. G. W. Gallagher of West Side, Connellsville.

Some weeks ago Miss Gallagher fell, injuring her head. Later complications resulted in erysipelas and blood poisoning, set in, causing death.

Smith made a misstep and was thrown from the car against the wall of the mine being loaded over and over and thrown violently about in the narrow passageway until all the cars had passed him. He laid in this manner and bruised and cut for an hour and a half before he was found by workmen who began a search for him as he did not return in the regular time. He was at once removed from the mine and taken to his home in the west end of town where he was attended by Drs. Burton and Carey. After an examination it was found that his left leg was broken and mashed from the knee down, his collar bone broken, several ribs fractured and other injuries badly bruised. ## MERCHANTS MEET FROM TWO TOWNS.

Many Scottsdale and Everson  
Ones Gather to Consid-  
er Business.

## MILKMEN PETITION TO JOIN

Orchard Demonstrations Open Today  
With Much Interest Evincing—Mrs.  
John Morrow III With Pneumonia.  
Other News Notes of Mill Town.

SCOTSDALE, March 23.—The Re-  
tail Merchants' Association of Scottdale  
and Everson held an enthusiastic  
meeting at the borough building last  
evening, with a score of members  
present. M. B. Porter presided, and  
nearly every member present devel-  
oped some good point for the good of  
the organization, which numbers  
among its membership already 22 of  
the leading merchants of the two  
towns. Two milk men of Scottsdale and  
Everson have petitioned for admis-  
sion to the association, and it is  
likely that they will all join within a  
short time. One of the features of  
the association is the insurance branch  
in which the members can secure  
fire insurance at one half the regular  
rates charged by the companies. This  
feature will be fully explained to any  
one interested and is only for mem-  
bers of the association.

One of the things talked of last  
evening was the leasing of street  
cars in town, and a committee will  
visit upon Burgess R. F. Hill, who has  
charge of the license for those nomad-  
ic merchants, who sell cheap stuff on  
the streets, and then go to another  
town to gather up the coin in quantity.  
The borough ordinances provide for  
a stiff license fee for all such. There  
will be another meeting held next  
Tuesday evening at 7:30 and at that  
time several more new members will  
be taken into the association. M. B.  
Porter is President and O. D. Welmer  
Vice President. The committees are  
as follows: Executive, C. A. Colborn,  
J. O. Landenberger and Charles H.  
Eicher. Membership, M. H. Boyd,  
John Kritzberg and H. R. Hurst; En-  
tertainment, W. J. Barlett, W. H.  
Rhodes and T. W. Fippes; and "Trade  
Advances," Nick John, Jonas M. Kennell  
and O. D. Welmer.

**Demonstrations Begin.**  
Prof. J. S. Briggs and R. V. Allen,  
men of the State Department of Agri-  
culture, of Economic Zoologist H. A.  
Surface's division, Harrisburg, arrived  
in town this morning from Greens-  
burg, where they had spent the two  
previous days at Col. E. M. Gross's  
orchard, and were met and taken to  
the country by James B. Frohn and J.  
Allen Porter. The demonstration be-  
gan today at the orchard of Mr. Frohn,  
a mile west of town, and will continue  
over tomorrow. Another visit will be  
paid to Mr. Frohn's orchard at bloom-  
ing time and other in the autumn at  
apple picking time. At the demonstra-  
tion in Greensburg over 100 men and  
women were present, some of them  
coming out from Pittsburgh. There will  
be no demonstration at Latrobe, since  
it was discovered that the orchard  
scheduled for there, the owner writing  
under a Latrobe date, is an orchard  
five miles away and in another county.  
Spraying, pruning and other practices  
in good orchard management will be  
demonstrated. Many people from  
town are in attendance today.

**Stock Company Coming.**  
The Price & Butler Stock Company  
are making their second appearance  
here this season and will be at the  
Geyer opera house on Thursday, Fri-  
day and Saturday evenings of this  
week.

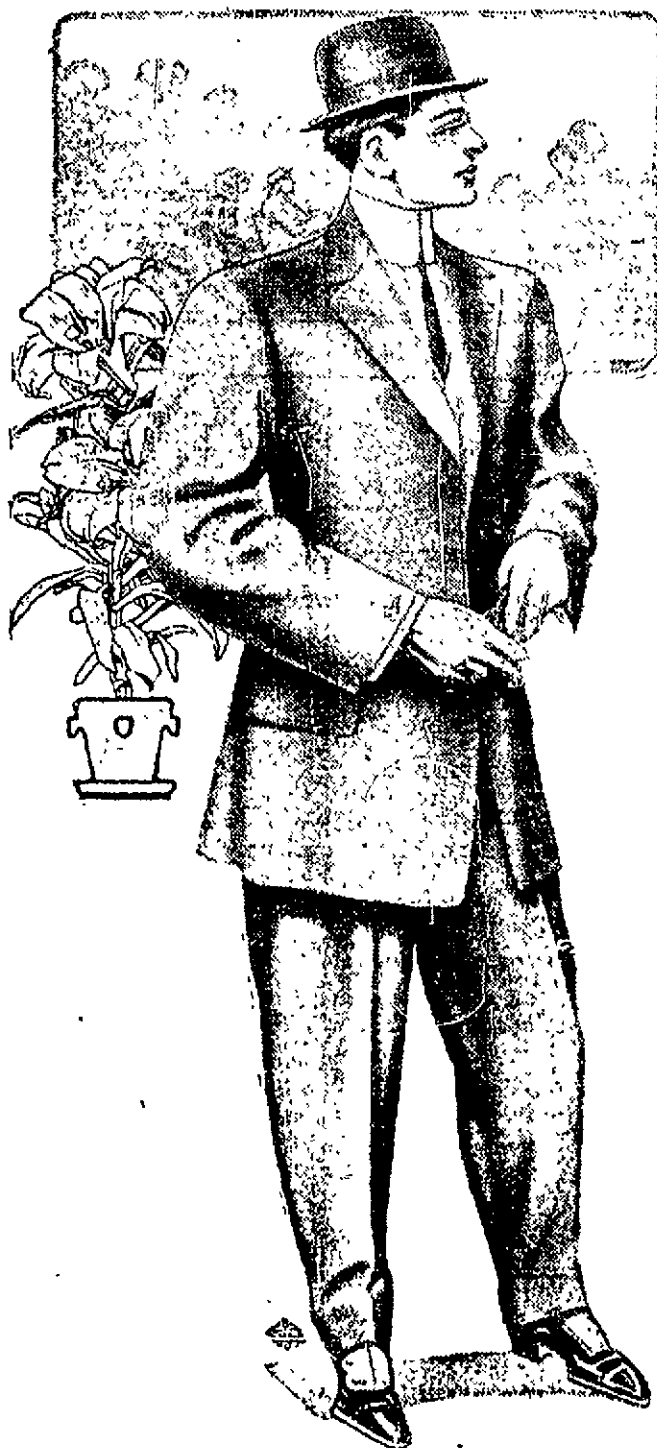

**Is Very Ill.**  
Mrs. Hester A. Anderson has been  
called to Dawson, where her mother,  
Mrs. John Morrow, formerly of this  
place, is very ill with an attack of  
pneumonia, at the home of her daugh-  
ter, Mrs. George C. McGill. Mrs. Mor-  
row is aged about 90 years and ap-  
prehension is felt for the outcome of her  
illness on account of her age.

**Are Moving Away.**  
J. A. Chadderton and James Tarr,  
who have been conducting the Ping  
Pong gallery in a very successful man-  
ner, are moving to Connellsville,  
where they will be located over Glot-  
felty's restaurant, and expect to open  
there on Friday.

**In Pittsburgh Today.**  
W. L. Kelly, the coke operator and  
real estate man, is a Pittsburgh visitor  
on business matters today.

**Second Case of Typhoid.**  
R. L. Miller, a tinner working with  
R. E. Griffith, and who lives on Mar-  
ket street, is a second victim of ty-  
phoid fever here. He did not contract  
the disease in town, according to the  
belief of the health authorities as he  
has been working for sometime back  
of Uniontown and came home feeling  
badly.

**"The Soul Kiss."**

of the season, "The Soul Kiss" at the

## SLIGHTLY USED PIANOS AT LESS THAN THEY COST NEW AT THE FACTORY.

Many Pianos, in Such Reputable Makes as  
Chickering, Knabes, Hardmans, Cannot  
Be Told From New, Though They  
Are in Most Instances Priced  
at Less Than Half.

AN OPPORTUNITY  
CAREFUL, PRUDENT BUYERS  
CANNOT AFFORD TO MISS.

There has been a time when  
a buyer with cash, or who is willing  
to pay within a year and a half, can  
get such genuine piano bargains as  
can be had here now, during this con-  
sultation sale.

The object of this sale is to turn  
an overwhelming big stock into cash  
or its equivalent before our many in-  
terests are merged into one.

The new consolidated company  
takes hold of the business Monday  
morning, April 1. This sale, there-  
fore, closes Saturday evening, April 2.  
For real reasons it is desirable  
to turn the business over to the new  
consolidation without any second  
hand or used pianos on our floors.

If it were possible we would sell  
every single second hand and used  
piano on our floors between now and  
the close of this sale—and we will, if  
you will bet come and see what re-  
markable bargains there are.

There are pianos on our floors that  
have been slightly used—that would  
pass any test for brand new pianos—  
that are priced one-half and even less  
than they sell for new.

Some of these are only slightly  
shop worn, others have been used for  
real work, others have been loaned  
to celebrated artists who have visited  
the city from time to time. In all,  
they are splendid instruments, correct

in style, perfect in action, exquisite  
in touch and every one guaran-  
teed as fully as if it had just been  
rolled out of the factory.

We mention these especially—  
which have been picked at random  
from a long list—just to show the  
scope of the bargains we have to  
offer.

**\$350 Foster Pianos, Sale Price \$195,

**\$250 Inner Cabinet Player, Sale

There is only one thing we want to  
impress upon you—we do not want  
you to get the impression that the in-  
ducements of this sale are long-drawn-  
out, never-ending terms.

The advantages of this sale to you  
are the prices that are being made,  
and the advantage to us, is the cash  
or its equivalent—the prices ruling  
being for spot cash—or such TIME AS  
WILL BEST SUIT YOUR CONVENI-  
ENCE UP TO EIGHTEEN MONTHS  
with 6 per cent interest for the time  
taken.

ed makes such as Chickering, Knabes, Hardmans, Estey, etc., at cost plus

### PICTURE OF "GENERAL"

Famous Locomotive Adorns Wall of  
J. R. Balesley's Office.

J. R. Balesley of the West Side  
brought with him from the South a  
large picture of the famous war en-  
gine "General" of the Western & At-  
lantic railroad, now on permanent ex-  
hibition in the Union depot at Chat-  
tanooga, Tenn. The "General" was  
captured at Big Shanty, now Kenne-  
saw, Georgia, April 12, 1862, by the  
"Andrews Raiders," and recaptured  
near Rensselaer, Ga., by W. A. Fuller,  
conductor, and Anthony Murphy, shop  
foreman for the railroad company, as-  
sisted by Confederates and others,  
after an exciting chase of about 30  
miles. This was one of the most thril-  
ling incidents of the Civil War.

Mr. Balesley has the picture of the  
"General" framed and hanging in his  
office, and also a short story giving  
the details of the adventure.

**Surprise Party at Perry.**  
PERRYOPOLIS, March 23.—A very  
pleasant surprise party was tendered  
Rebecca Lynch at her home on March  
19th, the occasion being her 12th birth-  
day. The afternoon was spent in  
playing games. A luncheon was serv-  
ed after which they all departed, wish-  
ing Rebecca many more returns of the  
day. Thirty-eight guests were present.

### Care Of The Broom

Some people seem to think that a  
broom can take care of itself but a  
little intelligent care will make quite a  
noticeable difference in the work the  
broom will do and the length of time it  
will wear. A broom that is used every  
day should be washed once a week and  
this is most easily done by preparing  
a bucketful of water made by dissolving  
a tablespoonful of Gold Dust washing  
powder in hot water; dip the broom up  
and down in these suds until the straws  
are cleaned and bright; then rinse and  
hang up to dry. If a new broom is  
dipped in hot suds before used, the  
straws will be toughened and will not  
break so easily. Do not set the broom  
down in a corner after it is used, but  
hang it up.

### It's Up To You.

It is worth a lifetime of scrupulous  
economy, if, in the evening of life, one  
can be seated before his own fireside.  
If you don't own your own home, there  
cannot be a better time to begin than  
now, right now. We want to build  
you a home and we are willing to help  
you through if you need. You are pay-  
ing rent now, making the landlord  
rich, and getting no return and we be-  
lieve that we can arrange things so  
that you may own your home with  
about the same monthly payments as  
you are now making in rent; you can  
make sure about it if you will take  
time to call upon The Connellsville  
Construction Company.

## COMPANY D SMOKER FOR A RIFLE RANGE.

About One Half of Amount  
Needed Subscribed  
Last Night.

### SPEECHES IN SUPPORT OF CO.

Made by a Number of Those Present,  
Including Capt. Harry Dunn, Cap-  
tain Crow, and Gans, L. F. Ruth and  
Rev. R. C. Wolf.

Financial and moral support for  
Company D, Tenth Regiment, N. G.  
P., was urged at the smoker given by  
the Company at the Armory last evening,  
at which time almost half of the  
needed \$1,000 was subscribed to ac-  
quire a new rifle range for the com-  
pany back of Hollenbeck. Captain  
Dunn explained that the present  
range is too far away and lacks  
the proper equipment. He further  
stated that the range is dangerous and  
it is a mathematical certainty that  
one of the boys will be either killed or  
injured unless other arrangements are  
made. The use of an armor plate  
target every shot as it is necessary for  
the marksman to remain behind the tar-  
get and emerge after the shot is  
made.

For \$1,500 the company can lease and  
equip an excellent range back of Heil-  
more, one which is within easy walk-  
ing distance of the armory, where the  
200, 300, 400, 500, 600 and 1,000 yard  
targets can be used. This would also  
provide for the five additional dis-  
appearing targets which are needed.  
When the company qualifies its men  
for the longer distances they have to  
ride from Greensburg to Uniontown to  
complete the test, but Captain Dunn  
succeeded in qualifying every man.  
Company D pledged itself to raise all  
over \$1,000 that is needed.

The idea of night was to have 100  
men who would subscribe \$10 each,  
but this could not be carried out.  
Those who were counted on as getting  
into the 100 class, for the most part,  
were unable to attend the smoker.  
The smoker was a big success. The  
guests gathered in the company's  
rooms upstairs until it was time for  
the show to begin. They all repaired  
to the drill hall where John Kiefer,  
R. O. Clough and Frank Brookman  
supplied the music. Two of the acts  
from the Acacia appeared to help en-  
tertain. They were loudly applauded.  
The company then sat down to a re-  
past of oysters and other delicacies.  
After the cigars were passed, Captain  
Dunn submitted the range proposition,  
it was not intended to pass a sub-  
scription paper, but sufficient enthu-  
siasm developed to warrant that course.  
It was, in fact, denuded. An unex-  
pected, but highly appreciated, dona-  
tion came from Rockwell Marietta,  
who contributed \$100. There were  
many other good sized donations.

Captain John L. Gans, a former com-  
mander of Company D, introduced by  
Captain Dunn as his immediate pre-  
decessor and the man who "did things  
a little different, but always right,"  
told how necessary a range is. He  
declared no company in the Tenth  
Regiment is entitled to more support  
than Company D. Captain Gans men-  
tioned the fact that some features had  
brought the company into disrepute,  
he also pointed out that one man in  
a company can do harm in an entire  
regiment. "The personnel of the Com-  
pany now is of a higher order than  
ever before and one reason there are  
those who talk against the organiza-  
tion, Captain Gans said, is because  
they do not understand it.

Captain Dunn stated that the  
trouble in securing recruits is prin-  
cipally because of the opposition of em-  
ployers who do not understand the  
importance of the company or the work  
it is doing.

John A. Armstrong, a member of old  
Company C, advocated liberal contribu-  
tions to the fund. Attorney P. E.  
Yoshin, Pasquale, Buffalo, W. N.  
Leche, Captain H. A. Crow and others  
also advocated a similar course.

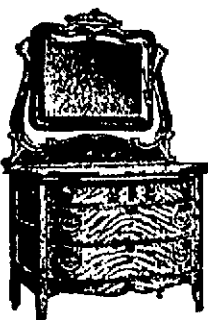

Rev. R. C. Wolf, who was present at  
the gathering, presented probably the  
most urgent plea for supporting the  
company. He declared the community  
should stand behind these boys, for  
most of the guardsmen are only boys.  
Because it was the boys who fought in  
the great Rebellion. The church is  
needed for emergencies, said Rev.  
Wolf, and every man should stand be-  
hind the local organization. He de-  
clared it is every way to be worthy of  
support. Rev. Wolf commented upon  
the splendid building the State has  
given the company, and said if the  
State can afford to donate such a build-  
ing, the business men can afford to  
secure the rifle range.

Mr. Tuttle's address was in part as  
follows:  
I am requested to say a few words  
on the subject of the rifle range. Now  
what I do not know about rifle ranges  
would fill volumes. Perhaps I ought  
to be able to speak more particularly  
about the subject, for at one time I  
had the misfortune of having one of  
these instruments of torture thrust  
through my foot by an idiot soldier in  
an Eastern army's rear about when I  
was young and the military spirit was  
strong in me as it is in many of you  
to day.

Elyria, O., March 22.—Thirty men

An aching back is instantly  
relieved by an application of

This liniment takes the place  
of massage and is better than  
sticky plasters. It penetrates  
—without rubbing—through  
the skin and muscular tissue  
right to the bone, quickens the  
blood, relieves congestion, and  
gives permanent as well as  
temporary relief.

## ARRESTS ARE MADE FOR CAR ROBBERY.

Confesses, Implicating

## NEW TYPHOID FEVER CASES

Develop in Big Westmoreland County  
Town and Citizens Are Prodding the  
Board of Health To Get Into Action.  
Local Brevities.

Special to The Courier.  
MT. PLEASANT, March 23.—Some excitement was caused here last evening when four well known young men of this place were arrested, charged with the robbery of several hundred dollars worth of clothing, tobacco and groceries from a freight car in the B. & O. yards last Saturday night. Those arrested were John Baer, aged 21, an employee of the Mt. Pleasant Cold Storage plant; David Romlinger, aged 20, a glass worker, and married; Lloyd Gurbie, aged 20, whose home is in Jesuette but who is employed in the Smith Brothers' glass factory at this place, and Earl Pike, aged 19 years. Pike gave himself up to the police Tuesday morning, confessing that himself and Baer were implicated directly in the robbery and that Romlinger and Gurbie received some of the stolen goods. The boys were all arrested and taken down to the station where Detective J. H. Detemple of the Pennsylvania railroad, and E. S. Russell of the B. & O., who were at work on the case put them through a cross examination. Sufficient evidence was found to hold all of the boys. Last night Romlinger was released under \$300 bail, and Baer was also released under \$500 bail. The other two boys were taken to the county jail at Greensburg to await trial.

Over a hundred dollars worth of the stolen goods were found in a field of the Bryce Brothers estate just south of town yesterday and this morning Officer W. P. Ong found about \$50 worth of tobacco on the Duncan Plan. In both cases the goods had evidently been abandoned in their flight. The Chief of Police Terry Keeling and Officers Edward Stevens and W. P. Ong of the local police force deserve much credit for the unearthing of the robbery.

**Kubla's Funeral.**  
The funeral of Albert Kubla, a young Bohemian of the East End and which was conducted yesterday afternoon and one of the largest ever witnessed here. Over 300 friends and relatives were present at the services and 200 fellow lodge members marched to the cemetery forming a long procession.

**Ovens Banked.**  
The H. C. Erick Coke Company has ordered its ovens to be shut down indefinitely at their plant at McClure. The order will necessitate the laying off of about 30 employees. The Superintendent has requested all the single men at the plant and will let the married men remain. The plant at McClure consists of about 250 ovens.

**New Typhoid Cases.**  
Three new cases of typhoid fever have developed in town since yesterday. George Hoes of Cemetery street and a minor at the Standard shop has the disease in its worst form. Leroy, the seven-year-old son of Mr. and Mrs. Anna Lohr, of Washington street, is afflicted with the fever, and Mrs. A. Dullinger, of Howard street, is confined with the dread disease. The three deaths resulting from it and the five cases of typhoid fever that are now in town are causing much comment. At present the Board of Health is making no effort to have the town cleaned.

**Recruiting Company E.**  
Every desirable young man in town is being urged to join Company E, Tenth Regiment, N. G. P., of this place, for the spring campaign for new members has been launched and the present members of the company are doing things up right and every available boy or man is being urged to sign up with the company. A score or more of new members have already been secured and the movement is but a few days away from being in charge of the campaign.

**Warrant For Glass Worker.**  
A warrant is out for the arrest of Jack Potter, a local glass worker, who is wanted here for assault and battery charges made against him by George Leenhart, a boss at the Smith Brothers' glass factory on the Duncan Plan. Potter, who was a gathering boy, had an argument with Leenhart over an affair yesterday which ended in a fist encounter. The boss received serious injuries and swore out a warrant against Potter for who has escaped.

**Local Brevities.**  
Mrs. Annie Stokes sold her lot on Shaw street to Mrs. Mary C. Thomas last week for \$500. Mrs. Stokes and her husband, Walter, have moved to Roanoke, Va., where they will reside. Ben Stillwagon will leave Thursday for Cleveland, O., where he has accepted a position with the Lake Shore & Michigan Southern railroad company.

The Central Bowling team traveled out to Greensburg last evening where they defeated the Westmoreland team 5-1 in their six straight games. The Men's Aid Society of the United Brethren church will give a chicken and waffle supper in the church Friday evening, April 15th. No backs or ticks will be served. This will be something out of the ordinary.

## The Corset Without a Fault

With the advent of the "New School of Corset Design and Construction" which is used exclusively in the manufacture of

THE Gossard  
CORSETS  
They have the Power

came the absolutely perfect corset. There's but one way for you to realize the full truth of this statement. That way is to be fitted to the correct Gossard model by a professional Gossard fitter.

## Mrs. Harriet Huszagh

of the H. W. Gossard Co., has come to us from the Gossard manufactory for that one purpose. She will be with us three days, beginning Friday, March 25th, and she personally will be at your service.

The Gossard is of French origin, adapted to the figures of American women. Model "D," the most advanced model for 1910, is a fitting example of the highest art in corsetry. It is designed for the woman desiring absolute freedom from restraint of diaphragm and chest. Worn with the Gossard bust corset No. 54, it gives the perfect outline of a corset having bust of usual height. Its perfect closed habit back stamps the wearer "distingue" in any assembly. Above the waistline it is high in the back, graduating to girder dimensions in front. Lacing in the front every organ is freed from restraint and supported in the position nature designs. The result is the extreme of length with the extreme of suppleness. Another vastly important and essential feature is the "ELECTRO-BONE" boning. Shown in

\$6.50, \$15, \$18 and \$22.50 Qualities

# WRIGHT-METZLER COMPANY

## EASTERN MAN SURPRISED.

Found New York Has Nothing on Connellsville in Some Things.

The other day an Eastern capitalist, who was in Connellsville on business, said to a friend, who urged him to stay over night, "No, I must hurry to New York to secure steamship passage to Europe." "But you can do that here," said the friend. "Right in this

little town of ours you can get passage and have a cabin or berth reserved on any steamship line you please. Come on; I'll show you." Then the gentleman from the East was conducted to the Foreign Department of the First National Bank of Connellsville, the only agency in this section for all the steamship lines in both the Continental and Mediterranean service. In a few minutes the matter was fixed

up—passage secured and a cabin reserved by wire. "That's certainly up-to-date service," said the gentleman as he passed out of the door of the First National.

## NEW USE FOR ELECTRIC FANS.

They Will Help Heat a Building as Well as Keep it Cool.

The Electric Fan should not be stored away. Its services are as essential in winter as in summer. It can be used to advantage by placing it in the intake of a hot air furnace to force the circulation of hot air to distant rooms and to heat rooms quickly.

The breeze from an electric fan blowing through a radiator circulates the heated air and gives a more even distribution of heat and assists materially in quickly heating large rooms and halls.

The circulation of heat by the use of the electric fan saves a large percentage of fuel and is well worth trying.

**Original Photographs.**  
The original Ping Pong photographs, who have made thousands of these popular little pictures in Scotland during the past year, are coming to Connellsville, beginning work Friday in a gallery over the Giotelly restaurant on North Pittsburgh street.
